Fun With Lollipops—By Patten Beard

YOU can make lollipop dolls to give away—they are very great fun to make. They may be little party favors or gifts. You will need some crepe paper, some cardboard, crayons and lollipops—that's all!

First, cut a big circle of tissue paper that will cover the round of the lollipop and its stick. Tie the paper around the lollipop to make a head. Cut a circle of cardboard and paste it over this. Draw a face upon it. Then, under the paper paste legs and feet cut from cardboard and colored. Arms are cut from cardboard and pasted in place on the tissue paper.

A Santa Claus may be made with embossed head and white cotton beard cut from absorbent cotton. He has a cape that is cut from tissue paper and pasted into place around him. Anybody who can make paper dolls can make these tissue paper favors and find it great fun.

A regular paper doll outfit will be just the thing to help you in the work and most little girls have one.
